Profile

Innovative Front End Developer with over 3 years of experience building and maintaining responsive websites. Proficient in HTML, CSS, JavaScript, and React, along with modern libraries and frameworks. Passionate about usability, with working knowledge of Adobe Photoshop & Figma. Consistently recognized for dependability, multi-tasking skills, and delivering projects that meet the highest standards for web design, user experience, and performance.

Skills

Languages & Frameworks: HTML, CSS, JavaScript, TypeScript, React.js, Next.js, Vue.js, Redux, Context API

Styling Libraries: Sass, Bootstrap, Tailwind CSS, Material UI, Styled Components

Tools: Firebase, Git, GitHub, Figma, Netlify, Adobe Photoshop, Jest, React Testing Library.

Additional Skills: Responsive Design, SEO, Clear Communication, Organization, Problem-solving, Attention to Detail, Adaptability

Experience

Vinhood

Front End Developer

March 2023 - April 2024

Key Responsibilities

- Developed new user-facing features using React.js, ensuring responsive and interactive user interfaces.
- Built reusable components and front-end libraries for future use, optimizing components for maximum performance across various devices and browsers.
- Collaborated with backend developers and UX/UI designers to improve usability and ensure seamless integration of APIs.
- Participated in code reviews to uphold coding standards and best practices.

Key Achievements

- Enhanced product scalability and functionality.
- Improved teamwork and version control practices using Git and GitHub.

Hotels.ng (HNG)

Front End Developer

October 2022 - December 2022

Key Responsibilities

- Translated designs and wireframes into high-quality code using React.js and related technologies.
- Debugged and resolved front-end issues, ensuring application stability and enhanced user experience.
- Worked with version control systems to maintain codebase stability and foster collaboration.

Key Achievements

- Successfully built and deployed a live functional app with positive reviews.
- Expanded skillset in modern front-end technologies and programming concepts.

Open Source Projects

Front End Developer

December 2020 - December 2021

Key Responsibilities

- Designed and implemented custom features for various open-source projects using React.js and related tools.
- Ensured project stability and effective teamwork through version control practices.
- Conducted thorough debugging and performance optimizations.

Key Achievements

- Deepened understanding of programming concepts and software engineering skills.

Printek Graphics Limited

Graphic Designer

December 2017 - February 2018, November 2021 - January 2022

Key Responsibilities

- Managed client proposals and developed concepts, graphics, and layouts.
- Liaised with external printers to ensure high-quality production and deadlines.

Key Achievements

- Boosted client transactions by an average of 25%.

Education

Obafemi Awolowo University

BSc. Computer Science and Engineering

September 2018 - December 2023, Ile-Ife, Osun

Relevant Coursework: Operating Systems, Databases, Website Design, Algorithms, Computer Architecture, Calculus.

Responsive Web Design

Free Code Camp

April 2020 - June 2020

Becoming a Full Stack Developer

Udemy

August 2020 - December 2020
